To whom it may concern,

I am writing to confirm this volunteer's participation in the Library of Congress virtual volunteering program *By the People* (<https://crowd.loc.gov>). The project invites anyone to help the Library by transcribing, tagging and reviewing transcriptions of digitized historical documents from the Library's collections. These transcriptions make the content of handwritten and other documents keyword searchable on the Library's main website (<https://loc.gov>), open new avenues of digital research, and improve accessibility, including for people with visual or cognitive disabilities.

They registered as a *By the People* volunteer on 10/24/2018 as benwbrum@gmail.com. They made 0 edits to transcriptions on the site and reviewed 0 transcriptions by other volunteers. Their user profile provides further details.

Best,

Lauren Algee
