#### Columns Comments

No	Column Name	Description	Notes
13	TrustCompletnessOfCompBusDetails	This is calculated for 1 out of 4 tabs (max value is 25%). The summary of completness rates for all 4 tabs sums up to 100% and is represented by the variable called TrustOverallProfileCompletness	
14	TrustResponseTime	ResponseTime as measured by the platform services, relating to the overall negotiation time measured from the moment of opening a particular negotiation process (between the company and the buyer), to its closing.	
15	TrustCompanyRating	CompanyRating summarizes numerical values of ratings provided after the negotiation is sucessfully closed and the buyer provided his reviews and ratings.	
16	TrustOverallProfileCompletness	see description of the variable Trust_CompletnessOfCompBusDetails	
17	TrustTradingVolume	Q for Marko: Shall we count the trading volume of the company based on the sum of sucessfully completed sales. Is there any specific formula/algorithm for the trading volume?	
18	TrustOverallRating	Sum of all ratings of the company provided via the platform, from CompanyReviews. Shown using 5 stars system.	
19	TrustOverallSellerCommunication	Sum of all SellerCommunication from CompanyReviews. Shown using 5 stars system.	
20	TrustOverallFullfilmentOfContractual	Sum of all FullfilmentOfContractualTerms from CompanyReviews. Shown using 5 stars system.	
21	TrustOverallDeliveryAndPackaging	Sum of all DeliveryAndPackaging from CompanyReviews. Shown using 5 stars system.

Columns Comments

No	Column Name	Description	Notes
1	NegotiationHistory_IDNegotiationTransaction	When the status of the negotiation process changes into "CLOSED", both the seller and the buyer can comment on each other using the checklist. We can allow each of them to select limited number of options, eg three options from the checklist. The values are: 1. for the seller: - slow response time - suspicious company information - undervaluated offer - rejected delivery terms 2. for the buyer: - not satisfied with the price	

No	Column Name	Description	Notes
		<ul style="list-style-type: none"> <li>- not satisfied with the delivery</li> <li>- not satisfied with the payment options</li> <li>- innacurate product information</li> <li>- suspicious company information</li> <li>- slow response time</li> </ul>	
2	TrustComment1	Any options from the checklist: The values are: 1. for the seller: <ul style="list-style-type: none"> <li>- slow response time</li> <li>- suspicious company information</li> <li>- undervaluated offer</li> <li>- rejected delivery terms</li> </ul> 2. for the buyer: <ul style="list-style-type: none"> <li>- not satisfied with the price</li> <li>- not satisfied with the delivery</li> <li>- not satisfied with the payment options</li> <li>- innacurate product information</li> <li>- suspicious company information</li> <li>- slow response time</li> </ul>	
3	TrustComment2	Any value from the checklist: 1. for the seller: <ul style="list-style-type: none"> <li>- slow response time</li> <li>- suspicious company information</li> <li>- undervaluated offer</li> <li>- rejected delivery terms</li> </ul> 2. for the buyer: <ul style="list-style-type: none"> <li>- not satisfied with the price</li> <li>- not satisfied with the delivery</li> <li>- not satisfied with the payment options</li> <li>- innacurate product information</li> <li>- suspicious company information</li> <li>- slow response time</li> </ul>
