

Requirement: <b>default head</b> <i>R_MIIO-22</i>
status: open
default content

Requirement: <b>clean head</b> <i>R_MIIO-23</i>
status: open layout: clean
clean content

In conf.py add

```
head_layout_str = '<<meta_id()>> **<<meta("title")>>** - [<<meta("status", show_
↳empty=False)>>, <<meta("tags")>>]'
meta_layout_str = 'links: <<meta_links("links", incoming=True)>>'
needs_layouts = {
'my_layout': {
    'grid': 'simple',
    'layout': {
        'head': [head_layout_str],
        'meta': [meta_layout_str]
    }
    ...
}
```

<i>R_MIIO-24</i> <b>my_layout head</b> - [open,]
links: None
my_layout content

go for 'grid': 'content\_footer' ( two rows, in conf.py add)

and do some hack in layout.py

<i>R_MIIO-25</i> <b>my_focus head</b> - [open,]
---

my_focus content
------------------

```
* (T_MII0-41) test1 . ((status="open"))
* (T_MII0-42) test2 . ((status="open", links="R_MII0-02"))
* (T_MII0-43) test3 . ((status="open"))
```

Test Case: **test1** *T\_MII0-41*

status: open

Test Case: **test2** *T\_MII0-42*

status: open

links outgoing: *R\_MII0-02*

Test Case: **test3** *T\_MII0-43*

status: open
