

Project Page

Has a URL which FINOS can use in microsites, TWAF etc.

e.g <https://calendar.finos.org/project/FDC3> (name field from landscape, replace spaces with dashes)

Github Link

Slack Channel
URL

Localised Time

The screenshot displays a project page for 'FDC3 Standard'. At the top left, the project name 'FDC3 Standard' is shown with a FINOS logo and an 'active' status. Below this are two links: a website link 'https://fdc3.finos.org' and a GitHub link 'https://github.com/finos/FDC3'. The project description reads 'Kriswest platform & Runtimes > interop fdc3'. To the right is a 'Logo' placeholder and an 'Add All To Calendar' button. Below the project details are three event listings, each with a 'More' button. The first event is 'FDC3 Web Browsers Discussion Group' on Thursday 20 June 16:00 - 17:00, recurring monthly on the third Thursday. The second event is 'FDC3 Use Cases and Workflows' on Thursday 4 July 16:00 - 17:00, recurring monthly on the first Thursday. The third event is 'FDC3 Desktop Agent Bridging' on Thursday 20 June 16:00 - 17:00, recurring monthly on the third Thursday.

Meeting Page

Has a URL which FINOS can use in microsities, TWAF etc.

e.g <https://calendar.finos.org/meeting/234875982479823>
(use the calendar meeting id)

Link back to
project page (if
any)

The screenshot shows a meeting page layout. On the right side, there is a blue 'Add To Calendar' button and a box containing the text 'FDC3' with a teal underline. A line from the text 'Link back to project page (if any)' points to the 'FDC3' box. The main content area contains the following text:

FDC3 Web Browsers Discussion Group

Thursday 20 June 16:00 - 17:00
Monthly on the third Thursday!

FDC3 Web Browsers Discussion Group
Hosted by FINOS Projects

Background:

Group convened to discuss how to enable FDC3 use in a web browser without the use of a browser extension (such as [fdc3-desktop-agent](#) or a container).

Issue: [#896](#)

Mailing list discussion:
<https://groups.google.com/a/finos.org/g/fdc3/c/jCvLjokBLs>

In a recent email on the FDC3 mailing list, [@kriswest](#) wrote:

..."I also want to add that there is clearly significant interest in the community in enabling FDC3 use on the web. There is a strong use case in that it would enable better onboarding journeys with less drop-off (where you use an app on the web with others before

Add To Calendar

Use Google Calendar API on the Server Side
to add an attendee to the meeting.

Changes To Main Page

Change to link to the project page (if any)

Link to the meeting page

The image shows a calendar interface for June 2024. At the top, there are navigation buttons for '<', '>', 'today', 'month', 'week', and 'day'. The calendar grid displays events for each day. A popup window is open over the event on Thursday, June 6, 2024, at 14:00 - 15:00. The popup title is 'FDC3 Use Cases and Workflows Discussion Group'. The content includes a greeting 'Hi All,', a welcome message about the rebranding of the discussion group, and a note about the group's focus: '- talking about existing or potential financial use-cases'. The popup also shows a close button (X) and a 'Cancel' button.
