

## A5 (32K) Notebook & Diary Size Template

Cover Size: 146x211mm

Spine Normally 15mm

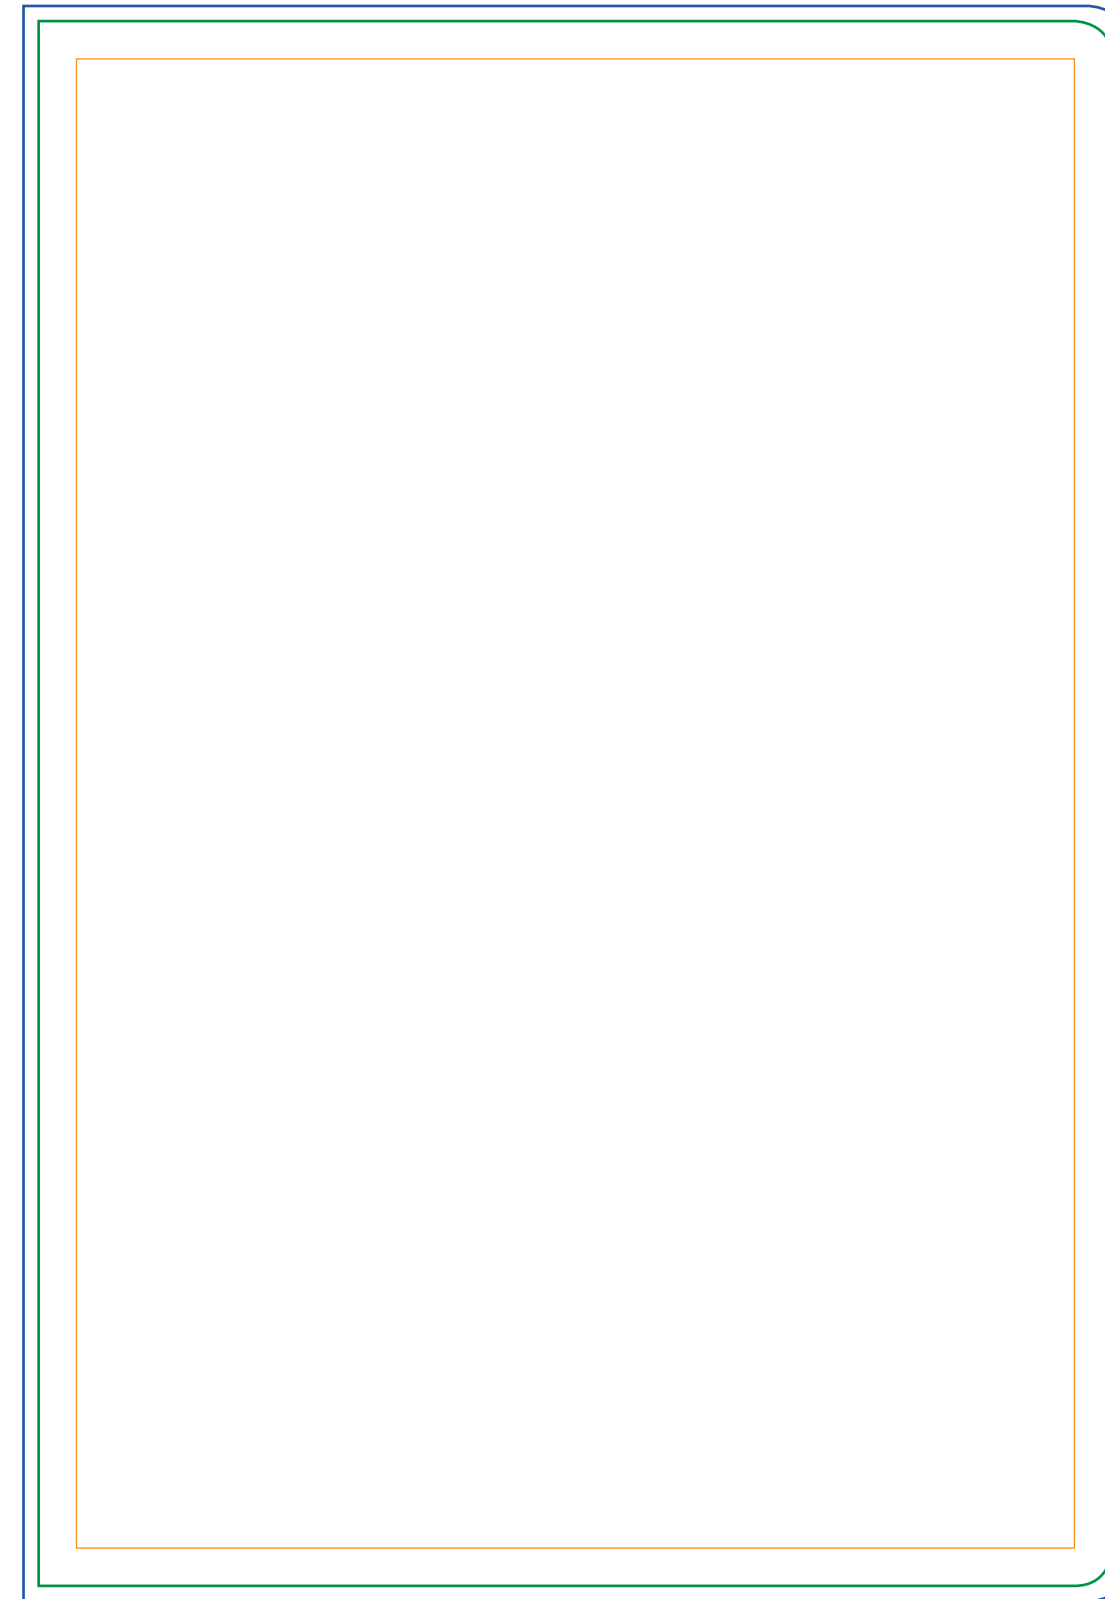

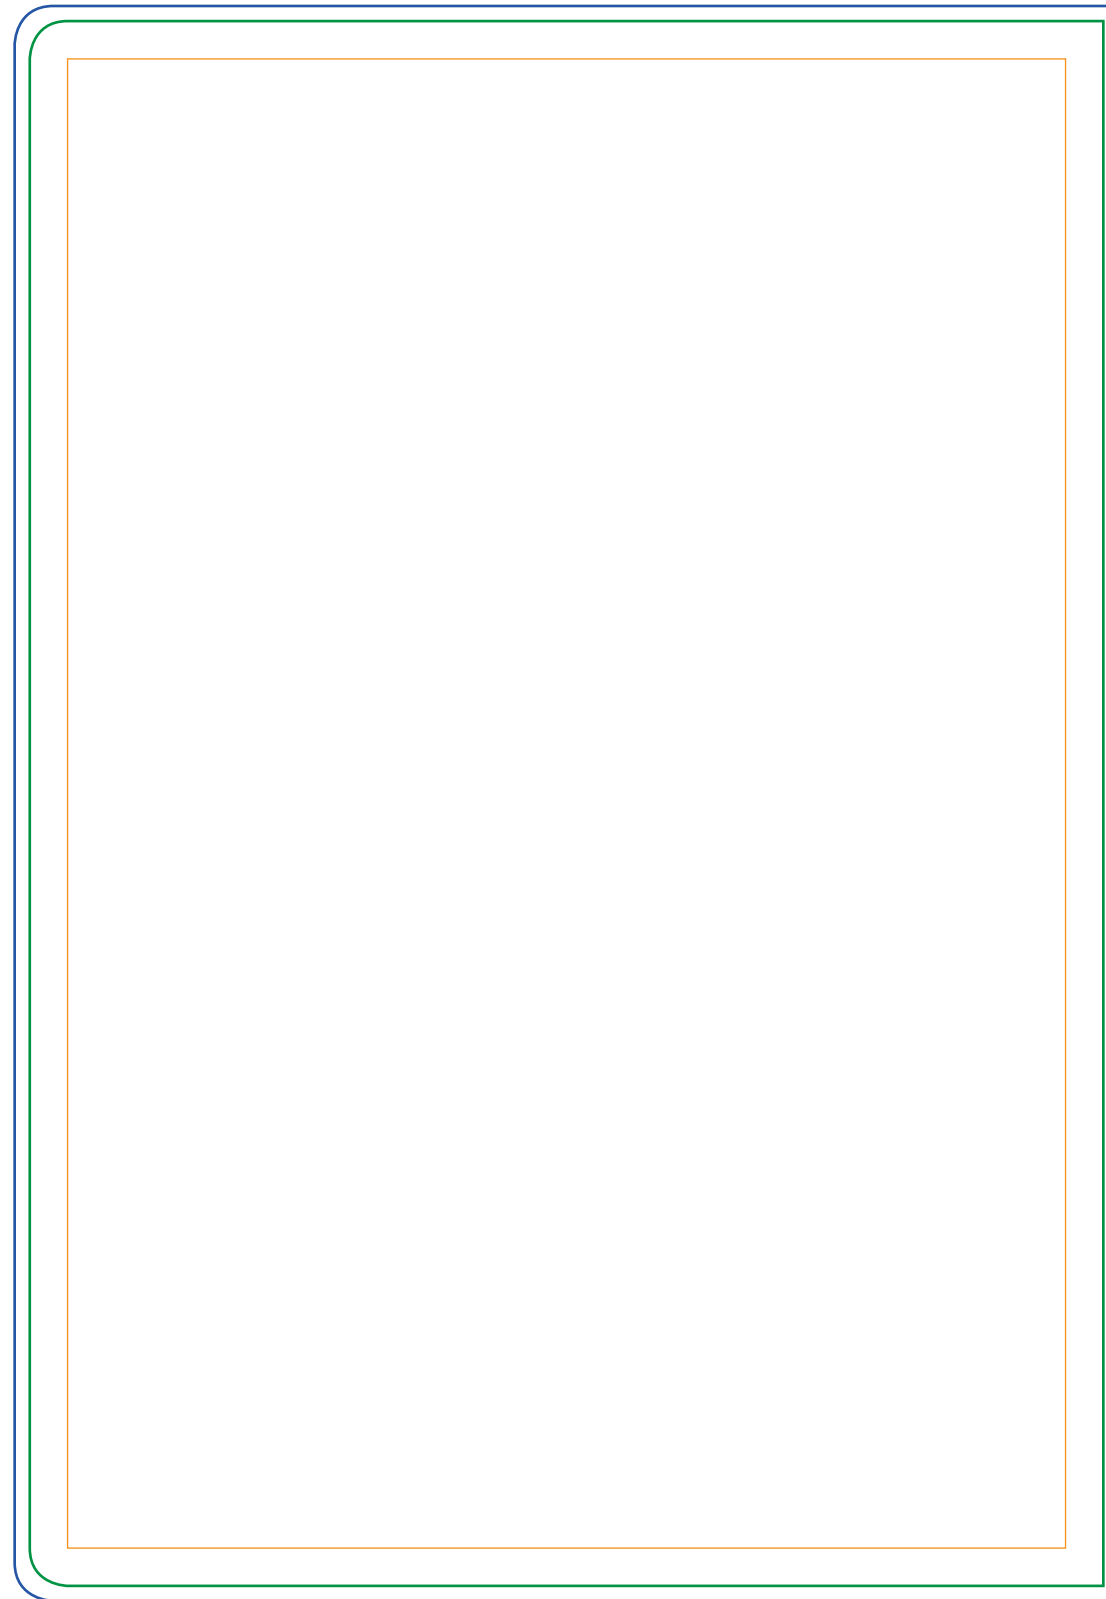

## A5 (32K) Notebook & Diary Size Template

Inner Page Size: 142x207mm

Please leave at least 5mm space to the edge

Please add 2mm bleed for the page

*\*\*\* When you design the page, no need to have round corners*

## Our standard 32K planner/diary/notebook inner page size template

142x207mm is the inner page trim size (red line)

Each page will have 2mm bleed,  
if you don't know what is bleed, Google it. ;-)

142x207mm is the inner page trim size (black line)

I make a full bleed page as example below,  
you see, the image will out of trim line, 2mm gap  
that will make sure when we cut the page, the image  
is safe, no white area display.
