Profile

I'm a third-year B.E. student specializing in Artificial Intelligence and Machine Learning at KNS Institute of Technology. As a Let's Upgrade Student Ambassador, I promote its courses. Internships at Global Core Tech and Indian Tech-Key have given me hands-on experience in Data Science and Android app development. With a keen interest in becoming a Data Scientist, I enjoy competitive programming, contributing to open-source projects, and staying updated on tech trends. I'm enthusiastic about collaborations and growth opportunities in the tech industry.
